RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In reply to the March 8, 2006 Election of Species Requirement, Applicants
provisionally elect Species I, with traverse. At least claims 12-18 and 21-30 read on the
elected species.

It is also respectfully submitted that the subject matter of all species is sufficiently
related that a thorough search for the subject matter of any one species would encompass a
search for the subject matter of the remaining species. Thus, it is respectfully submitted that
the search and examination of the entire application could be made without serious burden.
See MPEP §803 in which it is stated that "if the search and examination of an entire
application can be made without serious burden, the examiner must examine it on the merits,
even though it includes claims to independent or distinct inventions" (emphasis added). It is
respectfully submitted that this policy should apply in the present application in order to avoid

unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Thus, withdrawal of the Election of Species Requirement is respectfully requested.

Respectfully submitted,

James A. Oliff
